2014 PRODUCTS CATALOGUE

*BiGi Print*

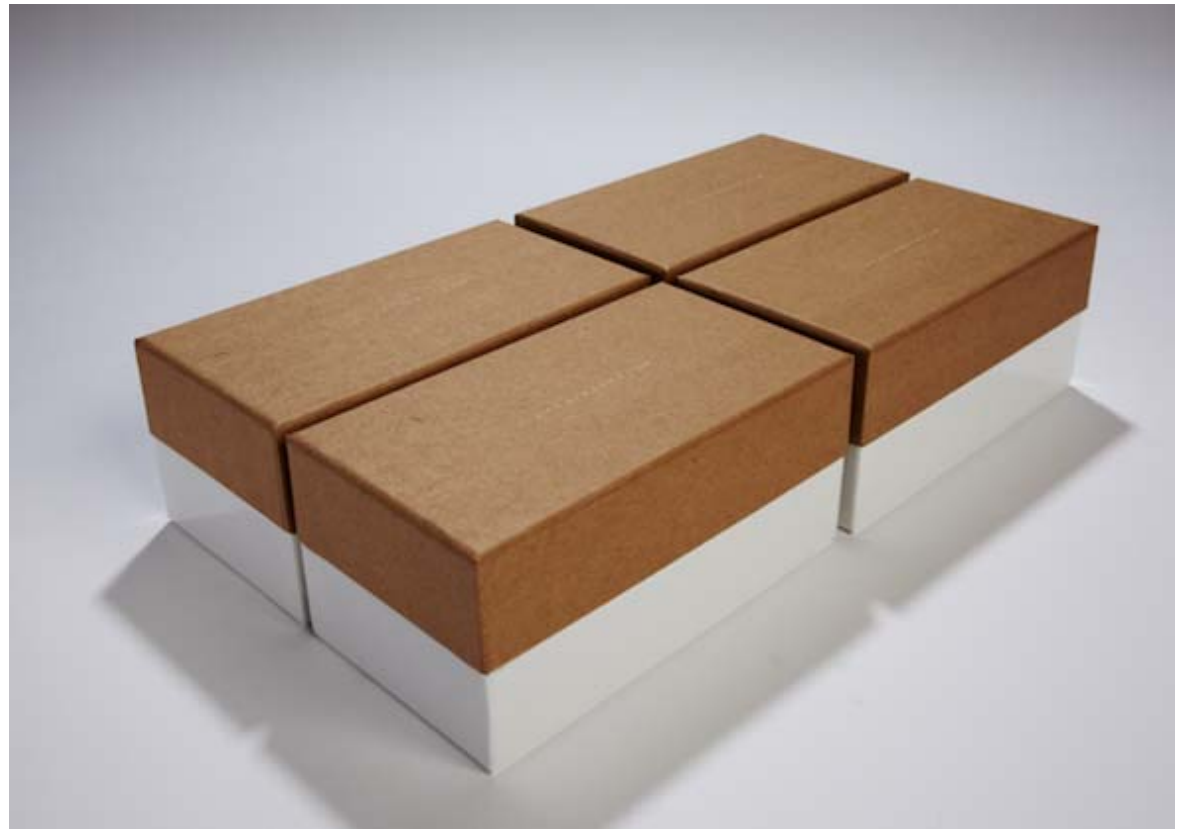

The boxes are 1500mic with a custom embossed paper over board with a gloss black foil emboss.

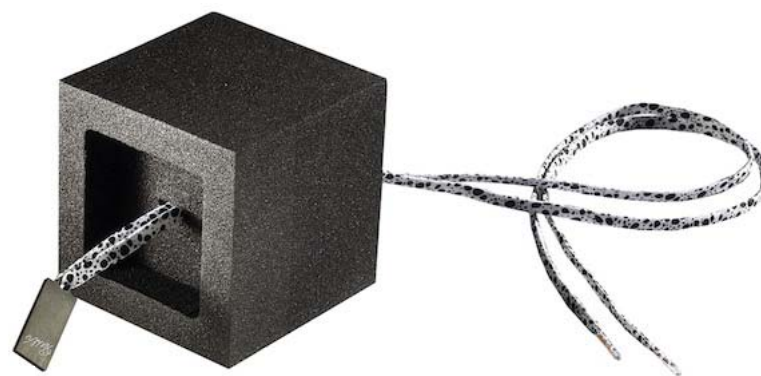

The box & lid have buckram embossed paper over a black lined 1500micron board, which we then finished with the black gloss foiled logo. The Grosgrain ribbon has a raised silver print.

Produced as three piece shoulder boxes with flush lids, these are made from a high gloss white base and inner, with a contrasting raw kraft lid. The branding is a gloss white foil block with a universal size over the range.

The shopping bag format has been automatically produced for over a century but Cashmere To Keep reinvents that format, removing handles and adding a foldover crease, allowing customers to open and close it like a box but carry it underarm like a bag

The design were matt/gloss foil blocked, printed, gloss laminated and hand written limited edition numbering. Supplied with a foam insert to hold a lanyard and usb stick.

The bags & boxes are in White Kraft paper which we foil blocked & then litho printed on the reverse with Union's logo. The boxes have a striking colour co ordinated shoulder & we produced the lovely matching swing tags.

Custom paper, grosgrain ribbon, Custom emboss, foil block, hand make

Symbol paper, box board, foil block ribbon, Foil block, paper over board, laminate

It included custom dyed and embossed paper, full colour lining paper, foil blocked logos and a custom foil blocked gold ribbon bag tie. We also produced felt Jewellery pouches with custom embroidery logo to complete the packaging.

On each item, we had to precision foil block two different colours on to the outside as part of the intricate, detailed design. The bags had a custom made ribbon handle, whilst the boxes had a custom dyed paper covering the inner wall.

This range of retail boxes in 5 sizes. They are Colorplan inside & out, with a contrast Colorplan banding & foiled logo to lid.
